

LOSS CONTROL SERVICES - THE CORE LEARNING CENTER

This value-added service is available to policyholders at **no additional cost.**

CORE LEARNING CENTER

We provide our commercial clients access to the Core Learning Center, which is an online training platform full of high-quality employee safety, human resources, and healthcare training courses.

This unique solution helps clients achieve employee training goals. When compared to traditional classroom-based instruction, online training reduces cost and time, while providing consistent, enterprise-wide delivery of training content.

The platform features:

- Immediate Use - Gain Access After a Quick Registration
- All Employees Use a Single Link for Access
- Reporting & Completion Certificates
- Create Custom Libraries
- Tutorials for Administrative Use
- Adaptable for Group Trainings

The Core Learning Center includes access to 288+ training courses, including:
